Technical Data Sheet

Release Date
2025

The MA filing cabinets are characterized by a clean-lined, minimalist design. Their simple, monolithic forms, careful detailing, and unobtrusive appearance makes it easy to combine them with all of the UniFor workstations.

The cabinets, in melamine laminate or with a natural wood finish, are available in various heights, open or with doors.

The doors are in the same material as the structure and are equipped with a lock with a removable core; the shelving can be in powder-coated sheet metal or with various types of wood finish.
The cabinets are equipped with height-adjustable feet.
